

Public Wi-Fi Growth Challenges and Spectrum

Presentation by Mr Anil Jain, CGM BSNL

21st February 2018

1. Internet Offering and Current Scenario

2. Market Trends

3. Application of Wi-Fi

4. Contribution of BSNL

6. Challenges and Issues

6. Technology Offerings

INTERNET OFFERING

1

LANDLINE
BROADBAND

2

MOBILE
BROADBAD

3

WI-FI

4

WI-MAX

5

FTTH

6

CDMA
BROADBAND

LANDLINE BROADBAND

01

Till now total Wire line Broadband subscribers in May, 2017 has 18.23 million and its declining year on year

MOBILE BROADBAND

02

According to COAI report 2017, the total mobile subscribers by end of August 2017 was 948.54 million down from 954.95 million in July 2017

WI-MAX

03

The technology provides fixed as well as fully mobile high speed broadband connectivity along with roaming feature. It provides users a thrilling Internet browsing experience.

CURRENT SCENARIO

04

FIBER TO THE HOME

According to iData Research for FTTH Council APAC, FTTH connections in India stands at only 1.25 million or 0.5% of the total households connections

05

WI-FI

Data projections of various research reports suggest that by 2020 Asia Pacific will lead the Global Public Wi-Fi Hotspots Market with a share of 37% led by China, Japan and India

06

CDMA BROADBAND

In an attempt to make wireless broadband more affordable India's largest telecommunication company BSNL launched EVDO Data STV's for all its customers

NEXT TECHNOLOGY ERA

7.5 LAKH PUBLIC WI-FI HOTSPOTS BY 2018 END!

Market Trends

The Global Wi-Fi hotspot market is poised to **grow** at a CAGR of around **14.2%** over the next decade to reach approximately **\$5.1 billion** by 2025

Globally, Hotspots have increased **568%** since 2010, But in INDIA they have risen only by **12%**

Carrier-grade Wi-Fi hotspots will grow from **14%** in 2014 to **72%** by 2018

India has **31,000+ hotspots out** of which BSNL has established more than **17000+** Wi-Fi hotspots

INDIA plans to establish **7.5 lakh Wi-Fi hotspots** by 2018

BSNL CONTRIBUTION TO PUBLIC WI-FI

Contribution of BSNL

As a major source of offering in landline, enterprise business, broadband and mobile services.

17000+ public Wi-Fi hotspots in the country, highest by any operator in India

By 2018 – 2019, BSNL is planning to install 20000+ Wi-Fi hotspots in country; and have a roaming agreement with 44 million Wi-Fi hotspots globally

BSNL would be participating in tender published by USOF for implementing 500,000 hotspot in India

Challenges and Issues

Challenges and Issues

Difficult to get electric connection in both Rural and Semi - Urban areas

Getting the space (Access Point) for the tower

Absence of single window Clearance Mechanism

Safety and Security becomes the major issues

User authentication in the network

Managing dynamic users and network performance

Technology Offerings

BSNL's : Few of Smart solutions for Efficient Public Service Delivery

- ★ Smart Poles
- ★ Smart Public Toilets
- ★ Smart Classrooms
- ★ Smart or e-Healthcare

Smart Pole

Public
Security

HR/HD Video Camera

- ✓ Security Monitoring
- ✓ Vehicle Monitoring

Information Display

- ✓ Advertising
- ✓ Political news
- ✓ Information release

Emergency Call

- ✓ Field Contact with Monitoring Centre/ Helpline stations

Intelligent Lighting

- ✓ LED streetlights
- ✓ Solar power based illumines
- ✓ Centralized Controlled

Wi-Fi Access Point

- ✓ Wi-Fi Hotspot

Sensors

- ✓ Environmental Sensors
- ✓ Pollution detecting sensors

Education and Skilling in diverse verticals

- 2D/3D digitized content of school syllabus
- Industry Training / Skilling

AR for Remote Education

A map of India and surrounding regions, including parts of Afghanistan, Pakistan, and Bangladesh. The map is illuminated with a strong blue light, creating a dramatic effect. The text "THANK YOU" is overlaid in the center in a bold, white, sans-serif font. The map shows major cities like Delhi, Mumbai, and Bangalore, as well as geographical features like the Himalayas and the Bay of Bengal. The text "THANK YOU" is centered horizontally and vertically, with a bounding box of approximately [395, 479, 601, 544].

THANK YOU
