

**Dr. Hakan Ohlsen**

Director at Ericsson Group Function  
and Vice-Chair WP5D

Håkan Ohlsén took his Ph.D. degree in Solid State Physics at Uppsala University in 1986, and continued with research at the Swedish Institute of Microelectronics in Stockholm. In 1990 he was appointed an Associate Professor at Uppsala University.

He joined Ericsson Sweden early in the year of 1995, working with radio interfaces for the 3rd Generation/IMT-2000 mobile systems. In 1996 he started work at the Ericsson office in Japan and participated in the standardization of WCDMA and the set-up of 3GPP. Since 1998 he has been at the Ericsson Headquarters with focus on access standardization strategies. In 2004 he was elected Vice-Chairman of the ITU group responsible for IMT and its evolution (today WP5D). Currently the position for Håkan Ohlsén is Director, Spectrum and Radio Technology in the Ericsson Group Function Technology, and he is based at the Ericsson Hanoi office.
